

Annual List of Federally Obligated Projects FY 2026

(July 1, 2025 to June 30, 2026)

September 2026

Akron Metropolitan Area Transportation Study

One Cascade Plaza/Suite 1300/Akron, Ohio 44308

Phone: (330) 375-2436

This report was prepared by the Akron Metropolitan Area Transportation Study (AMATS) in cooperation with the U.S. Department of Transportation, the Ohio Department of Transportation, and the Village, City and County governments of Portage and Summit Counties and the Chippewa and Milton Township areas of Wayne County.

The contents of this report reflect the views of AMATS, which is responsible for the facts and accuracy of the data presented herein. The contents do not necessarily reflect the official view and policies of the Ohio and/or U.S. Department of Transportation. This report does not constitute a standard, specification or regulation. *Cover photo: construction on E. Main Street/SR 59 in Kent (PID# 112026), April 2026.*

Introduction

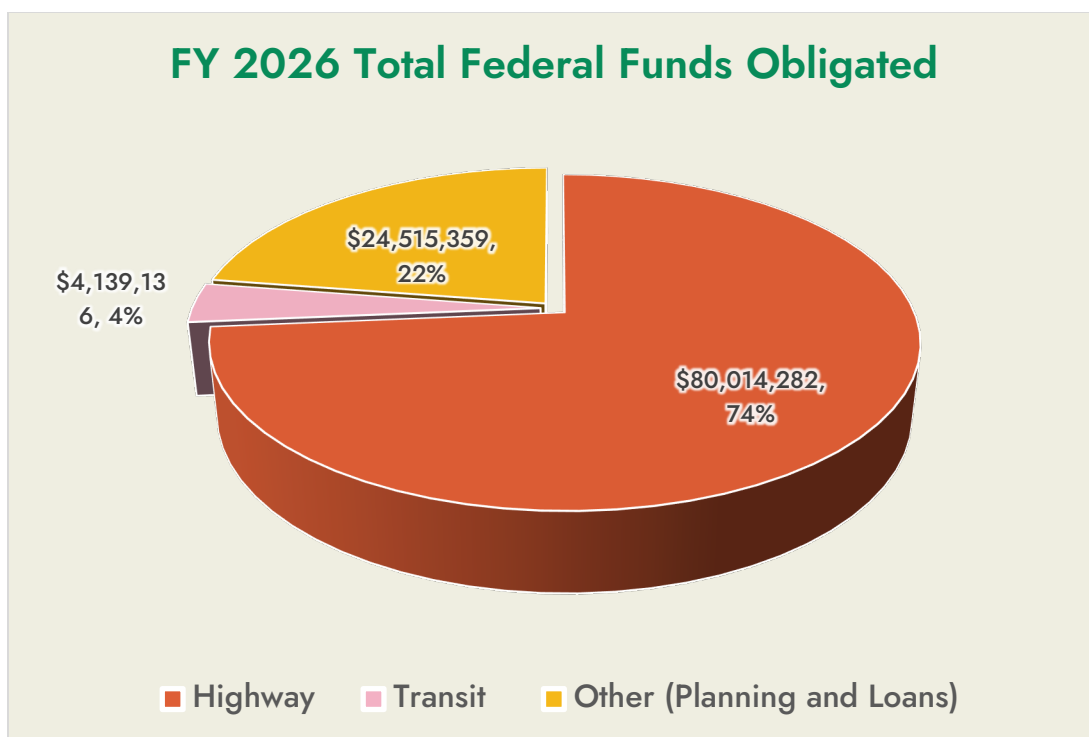

The Federal Highway Administration (FHWA) defines obligation as the federal government’s legal commitment to pay or reimburse an entity for the federal share of a project’s eligible cost. Obligation does not necessarily indicate expenditure or project completion; only that the project has been approved by the government for reimbursement. In other words, obligated funds are considered “used” even though no cash is transferred.

An obligation is a legal commitment: the Federal government’s promise to pay a State for the Federal share of a project’s eligible cost. Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For FHWA projects, obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated. For FTA projects, obligation occurs when the FTA grant is awarded.

This report includes the status of all federal transportation projects in the Greater Akron area that had funds obligated between July 1, 2025 and June 30, 2026.

Obligation Report

During FY 2026, just over \$125 million of federal transportation funding was expended in the AMATS area. Of this total, \$96.4 million was for highway projects and \$4.1 million for transit projects. Most of the remaining funding (\$24.5 million) was expended the repayment of GARVEE bonds (state issued bonds that are repaid using federal funds), but funds for several planning activities were also obligated, e.g. AMATS Air Quality Advocacy Program, the Rideshare Program, various ODOT-led studies, and funding toward an active transportation plan and Safe Routes to School activities. The following pie chart is a summary of the percentage of total federal expenditures by mode in the TIP for FY 2026.

Highway Projects

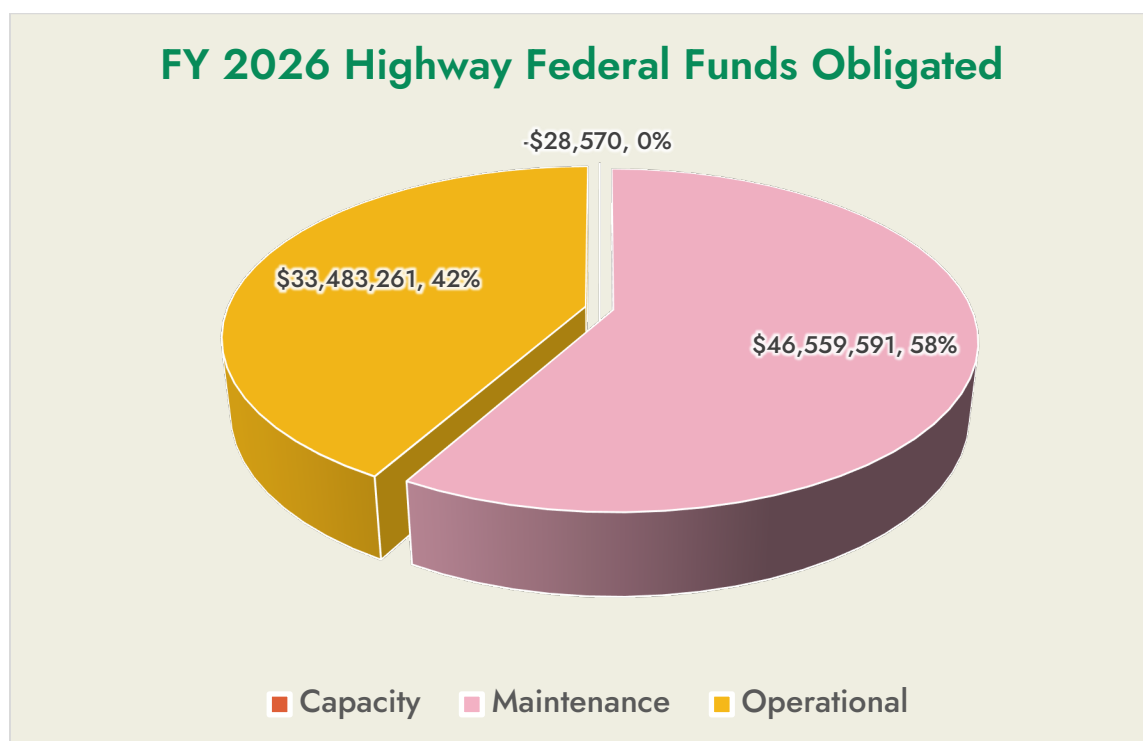

There are several different types of highway projects listed in the TIP. These include capacity, operational, and maintenance/preservation projects.

Capacity projects can include the construction of new roadways and adding new lanes to existing roadways to accommodate larger volumes of traffic. Within the AMATS planning area, the only capacity adding projects are Green's S. Arlington Rd. corridor project (PID# 116917) and the I-77 widening project in Bath and Richfield (PID# 111405). In FY 2026 the total obligation amount for capacity projects was negative within the AMATS planning area this year (\$-28,570). The reason for this is that the previously obligated I-77 project had a large number of funds returned in FY 2026.

Operational projects which improve the flow of traffic by coordinating traffic signals, adding turn lanes, adding or improving bike/ped facilities, and/or railroad signage improvements accounted for a total of \$33.5 million in obligated project expenditures. Some of the larger operational projects obligated in FY 2026 include Kent's East Main Street/SR 59 improvements (PID# 112026) and Akron's North Main Street improvements (PID# 112716).

Obligated maintenance and preservation projects such as resurfacing of roadways, pavement reconstruction, or bridge replacements totaled about \$46.6 million. Both AMATS and ODOT fund many maintenance projects each year. In 2026, the largest obligations within the maintenance and preservation category included an I-277 bridge deck replacement project (PID# 121479) and a rehab and repair project along I-76 in Portage County (PID# 112778).

The following pie chart shows the expenditures for each highway project type by federal funding sources.

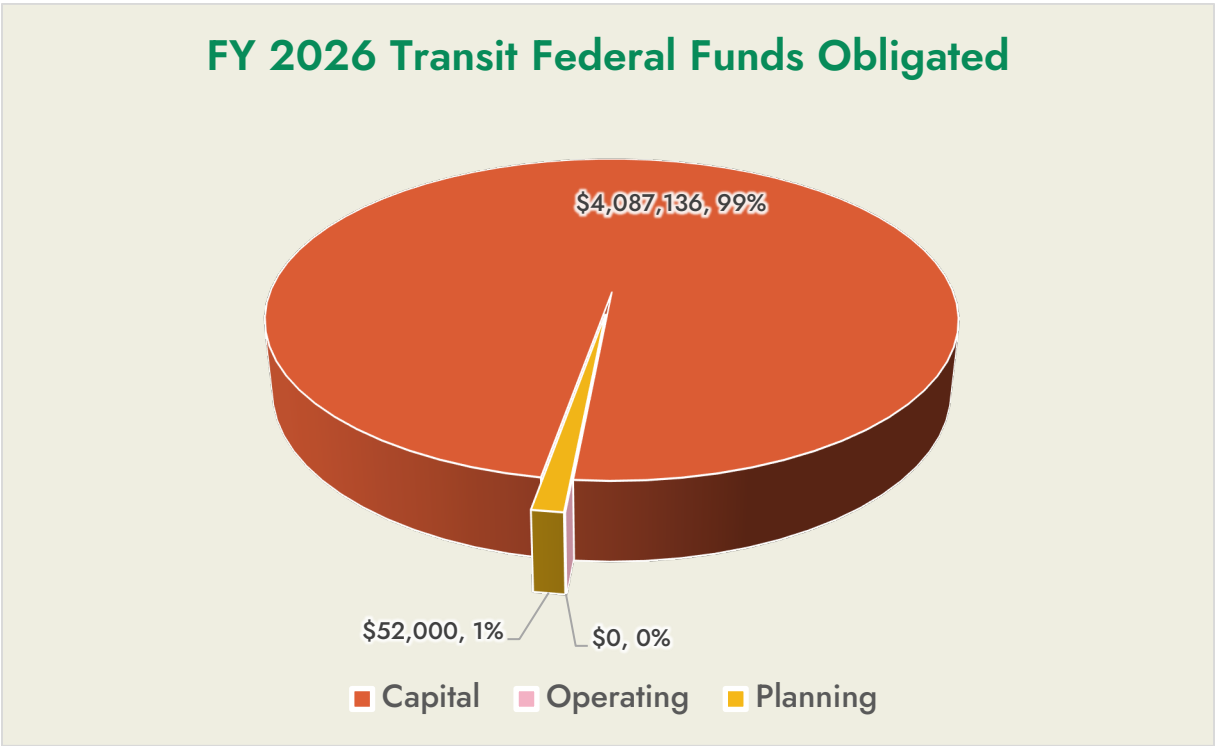

A subcategory of Highway Projects worth noting is several exclusively off-road bikeway and pedestrian projects. Obligations for these projects totaled just under \$2.3 million. Two important notes: (1.) This funding is a portion of the funds already noted above, not in addition to it; and (2.) Several projects occurred that included bike and pedestrian elements as part of a larger overall project, but these funds are not included in the table below.

The Highway Project tables, located at the end of this report, are reflective of the various stages of project development that occurred during FY 2026. The tables are divided into projects that had fund obligated toward construction funding, preliminary engineering or right-of-way, planning studies authorized, loans, or were cancelled or delayed. The tables provide detailed information such as locations and limits, type of work, the amount of federal funds programmed for projects, and remaining federal funds.

Transit Projects

As with highway projects, transit projects are also divided into several different types in the TIP. These include capital, operating and planning type projects. Capital projects include purchasing equipment, which is typically new buses. Federal operating expenditures include items such as personnel salaries, fuel costs and routine maintenance on buses and facilities. Planning activities can include conducting regional transit planning and the measuring of system performance. In FY 2026 nearly all obligated funding—all but \$52,000—was capital in nature. The only planning project was a PARTA transit planning project (PID# 118315). While many projects occurred in FY 2026, few were obligated within the fiscal year.

The following pie chart shows the expenditures for each transit project type by federal funding sources.

The Transit Projects table provides project information such as type of project, the amount of federal funds awarded or programmed and the status of the grant or project in FY 2026.

Additional Notes

Negative amounts listed in the tables below reflect project cost adjustments in the years after a project is sold or when unspent funds are released to close out a project. These negatives were included in the pie chart totals. Also note that if a project was sold in FY 2026 and no funds were released for this project, it is still listed in the tables.

This report reflects the state fiscal year of July 1 to June 30. The Federal Fiscal Year, however, runs from October 1 to September 30. Therefore, there may be some projects obligated after July 1 but before October 1 that are obligated in Federal Fiscal Year 2026. These projects will be noted in next year's report.

Members of the public or transportation stakeholders interested in any financial details of these or any other projects within the region are encouraged to call Amy Prater, AMATS TIP Coordinator; Jeff Gardner, Planner; or Matt Stewart, Planning Administrator, at 330-375-2436. Email can be directed to aprater@akronohio.gov; jjgardner@akronohio.gov or mstewart@akronohio.gov.

FY 2026 HIGHWAY PROJECTS WITH CONSTRUCTION FUNDING

PID #	PROJECT NAME	SPONSOR	TERMINI	DESCRIPTION	FY 2026 FEDERAL FUNDS	TOTAL FEDERAL REQUESTED	REMAINING FEDERAL FUNDS
93101	SUM IR 271/SR 8 8.49/VAR	District 4-Planning	SUM IR 271 from 8.49 to 12.63	Resurfacing of SUM IR 271. Includes retaining wall repairs, minor work to 12 structures and 5 conduits.	-\$368,388	\$0	\$0
94136	D04 MCRO FY2024	District 4-Planning	Medina County line to Central Ave	Complete pavement replacement from Medina County line to State Route 21. Pavement replacement and widening to six lanes from State Route 21 to approximately Central Ave. Re-Deck of two structures in Medina County. MED-IR76-11.43 (L&R). Replacing the following culverts CFN 770760190 SUM-76-1.37 and CFN 770760450 SUM-76-3.21.	-\$111,178	\$0	\$0
99729	SUM Raber Road Sidewalks	Green	Troon Drive to Mayfair Road	Construct new multipurpose 10 ft trail along (south side) Raber Road from Troon Drive to Mayfair Road.	\$0	\$0	\$0
100936	SUM SR 0008 02.91	District 4-Planning	SUM SR 8 from 2.91 to 7.68	Resurfacing of SUM SR 8 from 2.91 to 7.68. Includes minor bridge work to 13 structures.	\$1,039,950	\$1,039,950	\$0
101056	POR US 0224 00.00	District 4-Planning	POR US 224 from 0.00 to 12.99	Resurfacing of POR US 224. Includes minor bridge work to seven structures.	\$429,358	\$429,358	\$0
102701	SUM East Exchange St	Akron	Broadway St and Fountain St	Reduce East Exchange Street between Broadway Street and Fountain Street to 2 lanes, add bike lanes to existing pavement or dedicated path, install median, install HAWK signal, add additional street parking, signal upgrades and interconnection.	\$0	\$0	\$0
102732	POR SR 0059 6.05/6.80	District 4-Planning	POR SR 59 from 6.80 (W Corp Limit) to 9.05 (E Corp Limit)	Resurfacing POR SR 59 in the city of Ravenna, Portage County, Ohio. Includes minor work to one bridge.	-\$128,060	\$0	\$0
102744	SUM SR 0018 09.75	Akron	SUM-SR 18-9.75 to 13.42	Resurfacing SUM-SR 18 in the city of Akron, includes minor bridge work to 8 structures in the City of Akron.	\$394,542	\$394,542	\$0
103172	SUM SR 241/Corporate Woods Ph 2	Green	SR 241 at Corporate Woods Circle/Thorn Drive	Remove existing conventional signalized intersections and replace with roundabouts. Roundabout will have hybrid 2 lane configuration for Corporate Woods Circle/Thorn Drive, hybrid 2 lane configuration for Boettler Road/Franks Parkway, 3 lane configuration for SR 241 (Massillon Rd). Approach construction will extend 200ft and 400ft from the existing intersections.	-\$3,632	\$0	\$0
103293	SUM CR 0017 16.51	Fairlawn	Cleveland Massillon at IR-77 ramp	Traffic improvement at Cleveland Massillon and IR-77 ramp and Rothrock Road in the City of Fairlawn, Summit County, Ohio. Including construction of a roundabout at Cleveland/Massillon and Rothrock Road. Restrict IR-77 exit ramp to right turn only. Widen Cleveland/Massillon Road from roundabout North to Commercial Drive. Reconstruct signal at Rosemont/Elgin intersection. Construct shared use path.	-\$53,839	\$0	\$0
104042	SUM Main Street Corridor	Akron	South Main Street from State Street to Mill Street	Construction of a green, complete streets corridor on South Main Street between State Street and Mill Street in the City of Akron, Summit County, Ohio. Project would include roadway and sidewalk replacement, the addition of on-street parking and dedicated bike lanes, a roundabout, traffic improvements, way-finding signage and green infrastructure. Replacing of State Street structure #7760361.	-\$734,575	\$0	\$0
105212	POR SR 82/306 2.37/0.00	District 4-Planning	POR SR 82 from 2.37 to 5.06, POR SR 306 from 0.00 to 2.48	Resurfacing of POR SR 82 and POR SR 306, urban paving in the City of Aurora. Includes minor rehabilitation to 2 structures.	\$82,240	\$1,652,240	\$1,570,000
105213	POR SR 14/43 1.74/15.59	Streetsboro	POR SR 14 from 1.74 to 3.65, POR SR 43 from 15.59 to 18.20, New signal at POR SR 303 2.72	Resurfacing portions of POR SR 14 and POR SR 43 in the City of Streetsboro, includes minor work to one structure (Part 1). Replace concrete with full depth asphalt pavement at the intersection of POR SR 14/SR 43 (Part 2). Install new signal at SR 14/SR 303/Ranch Rd intersection and close the westbound slip lane from SR 303 to SR 14 (Part 3).	\$3,833,789	\$3,833,789	\$0
105237	POR SR 0261 03.51	District 4-Planning	POR SR 261 from 3.51 to 5.06	Resurfacing of POR SR 261.	\$861,944	\$861,944	\$0
105241	SUM SR 0241 01.50/VAR	District 4-Planning	SUM SR 241 from 1.495 to 3.497, 3.819 to 4.002 and 4.734 to 7.792.	Resurfacing of SUM SR 241, includes Urban Paving in the City of Green, and minor work to 1 structure. Investigate repair of curb in areas where settlement has occurred.	\$230,825	\$230,825	\$0
105556	POR CR 145 Ravenna Rd Bridge	Portage County Engineer	Ravenna Rd over Norfolk Southern RR	Replacement of Ravenna Rd structure over Norfolk Southern Railroad. Relocating the Portage Hike and Bike Trail from Ravenna Rd onto a former Railroad bridge.	\$0	\$1,927,840	\$1,927,840
105861	SUM IR 0077 22.30	District 4-Engineering	SUM-77-22.30R	Replace structures SFN 7704046 SUM-77-22.30R and SFN 7704038 SUM 77-22.30L over State Route 21, includes culvert, sign and sign support replacements at the IR 77/SR 21 interchange.	\$263,980	\$263,980	\$0

FY 2026 HIGHWAY PROJECTS WITH CONSTRUCTION FUNDING

PID #	PROJECT NAME	SPONSOR	TERMINI	DESCRIPTION	FY 2026 FEDERAL FUNDS	TOTAL FEDERAL REQUESTED	REMAINING FEDERAL FUNDS
106136	SUM SR 0091 14.49	District 4-Engineering	SUM-SR91-14.54	Replacement of SFN 7707290 SUM-91-14.54 over Brandywine Creek, includes culvert replacements and drainage work.	-\$31,297	\$0	\$0
106445	SUM SR 0091 13.45	Hudson	Barlow Road to Veterans Way	Construction a two way left turn lane and adding a bicycle lane and sidewalk improvements, in the City of Hudson, Summit County, Ohio.	\$29,949	\$29,949	\$0
106881	WAY CR 0133 02.10 (Blk Diamond)	Wayne County Engineer	0.125 miles north of the Bieri Road and Black Diamond Road intersection	Replacement of a deficient bridge structure, minor approach roadway work with grading and guardrail. The project is to be let as a Design/Build	-\$23,814	\$0	\$0
106885	SUM IR 0271 01.51	District 4-Bridges	SUM-271-01.51	SFN 7708823 SUM-271-1.51 bridge deck replacement.	-\$249,301	\$0	\$0
107203	SUM US 0224 12.20	Akron	SUM US 224 at SR 241	Intersection improvements at the SUM US 224/SR 241 intersection in Akron, Ohio. Includes signal reconstruction and restricting turning movements at nearby drives.	-\$4,101	\$0	\$0
107920	POR US 0224 09.07	District 4-Planning	POR US 224 at New Milford Rd	Intersection improvements on US-224 at New Milford and Waterloo Roads, Portage County, Ohio. Includes reducing US 224 to a standard 2-lane road, realignment of the southern portion of Waterloo Rd to minimize skew at intersection and cul-de-sac the northern portion of Waterloo Rd. Includes four culvert replacements.	-\$91,484	\$0	\$0
108164	SUM Main Street Corridor Phase 2	Akron	South Main Street from Mill Street to MLK (SR 59)	Construction of a green, complete streets corridor on South Main Street between Mill Street and MLK (SR 59) in the City of Akron, Summit County, Ohio. Project includes roadway and sidewalk replacement, upgrade traffic signals, adding cycle track and landscaping.	-\$1,191,513	\$0	\$0
108200	SUM White Pond Drive	Summit County Engineer	Copley Rd (SR 162) to Akron South Corp Limit	Resurfacing of White Pond Drive from Copley Road to Akron South Corp Limit.	\$0	\$0	\$0
108370	SUM Wooster Rd/State St	Barberton	Wooster Rd and State Street Intersection, Extend Holmes Ave from 3rd St to Wunderlich Ave	Reconstruction of the concrete pavement at the Wooster Road/State Street intersection and State St from W Hiram St to the SR 619 Bridge over Railroad and Wooster Road from Ashland Ct to E Hiram St and includes replacement of 1,000 ft of waterline along Wooster Rd. N. (all in Part 1). Extend Holmes Ave from 3rd St to Wunderlich Ave (Part 2) all in the City of Barberton, Summit County, Ohio.	-\$4,738	\$0	\$0
108453	SUM Akron-Cleveland Part 1	Summit County Engineer	CR-16 Akron-Cleveland Rd from Cuyahoga Falls North Corp Limit to Boston Heights South Corp Limit	Resurfacing of Akron-Cleveland Rd (CR-16) from the Cuyahoga Falls North Corp Limit to Boston Heights South Corp Limit.	\$0	\$0	\$0
108467	SUM Cleveland-Massillon Part 1	Summit County Engineer	Norton North Corp Limit to Ridgewood Rd (south intersection).	Resurfacing of Cleveland-Massillon Rd (CR-17) from the Norton North Corp Limit to Ridgewood Rd (south intersection).	\$0	\$0	\$0
108605	WAY CR 504 WE	Ohio Rail Development Commission	WAY CR 504, near Creston, at the WLE grade crossing DOT # 473532J.	Installation of flashing lights and roadway gates at the Wheeling & Lake Erie Railroad grade crossing DOT # 473532J. Installation will include any ancillary work to make warning devices function as designed, MUTCD compliant, and visible to roadway user. Grade crossing surface reconstruction at DOT # 473532J.	-\$14,095	\$0	\$0

76721	SUM SR 0008 07.60	District 4-Engineering	Summit County SR-8 from Graham Road to just North of SR-303	Total pavement replacement from Graham Road (SLM 7.60) to just North of SR-303 (SLM 13.30), in the cities of Stow and Hudson, Summit County, Ohio. Also includes miscellaneous bridge work, and slide repair. Five unknown abandoned railroads on SR 8- 2 at 12.5, 1 at 10, 1 at 9 and 1 at 8.05	\$4,982,708
93501	SUM/MED IR 0076 00.00/11.43 DB	District 4-Planning	Medina County line to Central Ave	Complete pavement replacement from Medina County line to State Route 21. Pavement replacement and widening to six lanes from State Route 21 to approximately Central Ave. Re-Deck of two structures in Medina County. MED-IR76-11.43 (L&R). Replacing the following culverts CFN 770760190 SUM-76-1.37 and CFN 770760450 SUM-76-3.21.	\$4,204,272
96670	SUM IR 0076 05.53	District 4-Planning	Central Avenue to 27th Street, SUM SR 619 from 0.00 to 0.66 and 0.82 to 1.79, SUM CR 667 from 0.60 to 0.77	Adding 3rd lane on IR-76 and Reconstruction/Reconfiguration IR 76 Interchange accessing Wooster Road / East Avenue/State St. Includes resurfacing of SUM SR 619 from 0.00 to 0.66 and 0.82 to 1.79. Resurfacing of SUM CR 667 from 0.60 to 0.77. Minor work to 6 structures, removal of 3 structures, replacement of 3 structures and widening of 1 structure. Unknown abandoned railroad on IR 76 at 5.8, CSX railroad on IR 76 at 5.95,	\$1,256,522
102329	SUM IR 76/77/8 8.24/09.74/00.00	District 4-Planning	SUM IR76 from 8.24 to 9.96 and 11.01 to 12.03; SUM IR77 from 9.74 to 12.11 and 15.18 to 15.87; SUM SR 8 from 0.00 to 1.75	Pavement replacement over SUM IR76 from 8.24 to 9.96 and 11.01 to 12.03 and SUM IR77 from 9.74 to 12.11 and 15.18 to 15.87. Covers the "South Leg" and "West Leg", includes work to several structures, in the City of Akron, Summit County, Ohio. Resurfacing of SUM SR 8 from 0.00 to 1.75. Also included with this project is the work on PID 101402 as a Design-Bid-Build portion of the Scope of Services: The Akron Beltway Planning Study (PID 95831) identified the need to replace the left handed exit ramps (Ramps N & R) from both WB and EB I-76 in the Central Interchange. Reconstruction of these ramps will address both the poor bridge condition and the substandard ramp geometrics. Reconfiguring the lane arrangements on both WB and EB I-76 to provide drop lanes for NB and SB exits in each direction as well as two thru lane movements for I-76 addresses both safety and operations. The Central Interchange project (PID 101402) is the first identified project from the Akron Beltway Planning Study and has been advanced prior to the finalization of that study due to the condition of the bridges on Ramps N & R. These improvements do not preclude potential future improvements with the Central Interchange.	\$11,298,596
